DECLARATION OF LESLIE S. LEVINE

Sir:

During 2002 and 2003 I was President of Fusion Lighting, Inc. During that time period Fusion Lighting owned all the above-identified applications and patents.

Towards the end of 2002, our in-house patent counsel left, and Fusion Lighting was in the process of winding down its operations. We were without patent counsel.

During 2003, I knew certain fees were due on the above-identified applications and patents, and that other actions had to be taken, but I believed that they could be taken at a later time, and that rights would not be lost by delaying the payments and actions in these applications and patents.

Fusion Lighting never intended to abandon any of its rights in the above-identified applications and patents. Any abandonments that occurred were consequently unintentional.

I hereby declare that all statements made herein are of my own knowledge and are true, and that all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Date

Respectfully,

Leslie S. Levine  
President  
Fusion Lighting, Inc.
